The exceptional nature of The Olympic Museum, thanks to its focus on sport and culture, allows it to host unique and original events. After a complete renovation (at the end of 2013), The Museum now offers more than 3,000 square metres of exhibition space, together with modern modular reception and conference areas. A team of professionals accompanies and guides clients to help them create their own personalised events. Whether for small groups or large gatherings (from 10 to 1,000 people), The Museum will do what it takes to make your event an unforgettable occasion!
