The Olympic Museum
A Marathon of Emotions

The Olympic Museum
Since its renovation (at the end of 2013), the Museum now offers 3,000m² of exhibition space and the latest technological innovations. The new scenography reflects how rich and diverse Olympism is. This Museum is not simply about a collection. It is about an idea: Olympism. Sport, history, culture, design, sociology and technology are some of the themes highlighted.

THE GOAL
Since its renovation (at the end of 2013), the Museum now offers 3,000m² of exhibition space and the latest technological innovations. The new scenography reflects how rich and diverse Olympism is. This Museum is not simply about a collection. It is about an idea: Olympism. Sport, history, culture, design, sociology and technology are some of the themes highlighted.

THE VISITOR'S JOURNEY
It starts in the 8,000m² park, a green jewel between the lake and the city, dotted with sculptures inspired by sport, and continues on into the permanent exhibition, split over three floors. Each floor revisits an aspect of Olympism.

THE OLYMPIC WORLD (level +1)
The visitor discovers the origins of the Games in Olympia, Pierre de Coubertin’s vision and the Olympic Movement’s history thanks to an interactive historical frieze, the collection of torches and the creative challenges and opening ceremonies of the host cities.

THE OLYMPIC GAMES (level 0)
The public is immersed in the athletes’ feats and achievements thanks to their equipment, exhibited without casings. Champions’ lives and emotions are shared through a 180° audio-visual display.

THE OLYMPIC SPIRIT (level -1)
The Olympic world reflects a philosophy of life expressed by the athletes before, during and after the Games. Discover the heart of the Olympic Village, find out how to prepare for different disciplines, and appreciate the athletes’ quest for excellence. The visit concludes with a collection of Games medals from 1896 to today.

TOM Café (level +2)
It’s the best spot in The Museum to appreciate the breathtaking view of the lake and the Alps while enjoying the dishes created by Chef Pascal Beaud’huin, with names inspired by Olympic vocabulary.
