The Olympic Museum welcomes over 25,000 children every year through its educational packages. An all-round tailor-made experience: interactive tours with tablets for pupils, themed workshops and online educational resources.

**SPECIAL OFFER YOG LAUSANNE 2020**
To celebrate the Winter Youth Olympic Games Lausanne 2020, The Olympic Museum has a special offer of only CHF 7.– per pupil (interactive tour with tablet + one themed workshop of your choice) until 13 March 2020.

**ONLINE EDUCATIONAL RESOURCES**
To prepare for and/or build on their visit to the Museum teachers can make use of a wide range of free educational resources, filed by theme and downloadable in French, German and English. This is a great way to learn about Olympism. More information [here](#).

**PERMANENT EXHIBITION**
The interactive digital tablet tour allows pupils to independently explore the key elements of Olympism, from the ancient to the modern Games. The Olympic rings, torch relays, sports on the programme, athletes: at each stage, information and games combine to make for a fun experience. This educational tool is available in three languages (French, German and English), and the content is adapted for three age groups (5-7 year-olds, 8-12 year-olds and over 13s). More information [here](#).

**AT A GLANCE**
- + 25,000 participants make use of the educational packages every year;
- **Made-to-measure**: teachers can put together a tailor-made visit for their class;
- **4 themed workshops available**, hosted by TOM coaches;
- Tours with **interactive tablets** for pupils;
- + 30 educational resources available online in French, German and English.

**SAVE THE DATE**
From April 2020, destination Tokyo 2020 - an educational package with a Japanese flavour!
Teachers can cap off their visit with a themed workshop in the educational areas. A TOM coach hosts the children for 30 minutes and covers an Olympic theme in a fun and age-appropriate way.

**Permanent programme**

**DESTINATION OLYMPIA**
The children learn about the origins of the Olympic Games. They compare sports equipment used by the first athletes with today’s equipment and imitate the disciplines practised in ancient times.

**ALL DIFFERENT, ALL WINNERS**
The children explore several key notions of civics education. Following a route featuring games, questions and group activities, they learn about these notions independently.

**Temporary programme**

**DESIGN YOUR GAMES! – UNTIL 13.03.2020**
Using a digital interface created by an Interactive Media Design class at the ERACOM Arts and Communications School, the pupils can create an imaginary poster for the Youth Olympic Games Lausanne 2020.

**CHAT CHALLENGE – UNTIL 13.03.2020**
As part of the “We are Olympians, and You?” temporary programme, in a “chat challenge”, pupils are invited to think about respect, friendship, fair play and team spirit.

“It was a great learning opportunity for all the children, who found out about the history of the Games and above all experienced the Olympic adventure through the video clips and other objects... not to mention the excitement of running the 100m like Usain Bolt in the glorious sunshine!”
Collège de la Coquerellaz (Ecublens, Switzerland)

“Thank you so much to the whole Museum team for the two fantastic days that you organised for our 250 pupils: “You are the Olympians”! Thank you for your hospitality, smiles and patience. Thank you for your talks in which you passed on the values of Olympism and life.”
Collège Saint-Françoise de Sâles (Dijon, France)
