By creating the Youth Olympic Games on 5 July 2007, the IOC played its role as a catalyst for the sports movement. It showed that its commitment to the youth of today and tomorrow is about action, not just words, by offering them an event of their own in the spirit of the Olympic Games.

Having helped to bring about this new event, I wish to show you how the Youth Olympic Games can inspire young people around the world to take up sport. We all know that sport today plays an ever greater role in society. Never has it borne so many expectations as at the start of this new century. People expect sport to promote the integration of minorities; to reduce differences; to combat the rise of obesity; and to help conquer all forms of dependency.

The Youth Olympic Games must set an example in this regard. Alongside competition itself, the event can offer an excellent platform to create a true community between the youth of the world and the participants, by learning and sharing experiences. A major role will thus be given to information and education linked to sensitive subjects like the dangers of doping and violence in sport; the risks associated with extremes, whether a sedentary lifestyle or overtraining; the benefits of a balanced diet; and the advantages of striking a healthy balance between sport and other social and educational activities.

The Youth Olympic Games will be innovative Games made to measure for young people, with sports events carefully chosen to protect the health of the young athletes, but also Games made to inspire them with the incorporation of all the Olympic symbols (torch relay, anthem, flag).

Moreover, we want these young athletes to become better human beings, true sportspersons or simply ambassadors in society for sport and the Olympic values, having learnt their relevance and meaning today. Our hope is that if young people can learn to respect each other on the field of play, they may transfer this to the other parts of their daily lives.

Not only will the Youth Olympic Games bring renewed life and vigour to the Olympic Movement, we also owe these Games to the young people of the world. The first edition of the Winter Youth Olympic Games will be in 2012, they will be a new asset for our Movement. I am counting on you!

**Updates to YOG Event Manual**

The IOC may amend the Event Manual, create new Manuals and update them as necessary to include the most recent and relevant information for the Youth Olympic Games organisers. The only applicable version of the Event Manual is the most current version.
II. IOC tools and information, Continued

**Spirit of the Event Manual**

The content of the Event Manual represents the IOC’s best understanding of the Youth Olympic Games at a given moment in time, and must always be put in context for each Games edition. Even a requirement with a distinct objective may vary from Games to Games, and therefore a spirit of partnership should be shared with the Games organisers to allow for the evolution of the requirements. This is especially true as the Manual is updated following the evaluation phase of each Games.

**Knowledge Management**

Fulfilling its role as a coordinator and facilitator in the transfer of information from one organising committee to the next, with the objectives of avoiding the “re-invention of the wheel” and reducing the overall risk of staging a Games, the IOC initiated the Olympic Games Knowledge Management (OGKM) Programme. This programme features extensive educational material and service offers for organising committees, as well as support processes such as the Games Debriefing. Whilst such information predominantly concerns the staging of the Olympic Games, it may still prove useful to YOG bid committees and organising committees. The YOG Event Manual is an integral part of this approach and further elements of knowledge transfer will be collected and added to the programme over time.
III. IOC philosophy on sustainable development

Definition

"Sustainable development satisfies the needs of the present generation without compromising the chance for future generations to satisfy theirs."

From Our Common Future, the report of the Brundtland Commission of the UN World Commission on Environment and Development (4 August 1987).

Olympic Charter

Rule 2, articles 13 and 14

“The IOC’s role is:

to encourage and support a responsible concern for environmental issues, to promote sustainable development in sport and to require that the Olympic Games are held accordingly;

to promote a positive legacy from the Olympic Games to host cities and host countries”

Today the concept of sustainable development is widely known. The three principal spheres of environment, social-cultural and economic cover a multitude of activities of which the practice of sporting activities and the staging of sporting events are included.

In varying degrees, whether it is direct, whilst practicing a sporting activity, or indirect via the equipment and products used, every physical activity has an impact on its environment. The hosting of sporting events, no matter the size of the event, can provoke negative effects on the location in which it occurs. Each individual, each sporting club, each organisation can and should have a responsible attitude in regards to minimising these impacts. It is for this reason the International Olympic Committee actively advocates sustainable development and has adopted in 1999 its Olympic Movement’s Agenda 21.

The concept of sustainable development clearly impacts all aspects of Games planning and operations. When integrated early in the planning stages of a Candidate City and subsequent Host City, the multitude of opportunities that hosting the Youth Olympic Games can potentially bring to a Host City will be maximised and will form the foundation of a positive and durable Olympic legacy.

Responsibility towards and respect of the sustainable development guiding principles by the Host City, the Organising Committee and its multitude of external partners is therefore very important to the successful staging of the Youth Olympic Games. With long-term strategic planning, involvement from all members of the community, in particular the youth, and shared long-term objectives the Youth Olympic Games can be optimised in order to respond, not only to the requirements needed to host the Games, but also to the needs and expectations of the Host City’s current and future generations.

The dissemination and visible implementation of the sustainable development concept amongst the participants of the Youth Olympic Games has the capacity to form a strong element of the Host City’s legacy. Being consciously aware of the implications of sustainable development and being involved in its implementation in the lead-up to and throughout the Youth Olympic Games will no doubt have a lasting effect on the participants’ future personal and professional decisions and choices.

Today, environment stands alongside sport and culture as a fundamental dimension of Olympism. This is a strong message to all that the IOC and the Olympic Movement will do all in their power to ensure a sustainable environmental legacy for tomorrow’s athletes and fans.

1.1.1 Introduction

The aim of this publication is to guide you through the various steps of your candidature until the election of the Host City in December 2008.

The YOG Candidature Procedure outlines what is required of a YOG Candidate City, as well as the procedures, rules and deadlines to be respected. It also contains many useful recommendations and should be considered as essential reading for anyone connected with the preparation and promotion of a candidature for the Winter Youth Olympic Games.

Modifications to the Olympic Charter

YOG Candidate Cities have received a copy of the current edition of the Olympic Charter. It must be noted, however, that the Host City, its NOC and the organising committee will be bound by the Olympic Charter in force on the date of the execution of the Youth Olympic Games Host City Contract.

The IOC will inform the YOG Candidate Cities and their NOCs of the amendments that are made (or to be made) between the current edition of the Olympic Charter and the one to be in force on the date of the execution of the Youth Olympic Games Host City Contract. Additionally, the IOC reserves the right to further amend the Olympic Charter with respect to the governance of the Olympic Movement and, for such purposes, the version of the Olympic Charter which is amended from time to time shall prevail.

Prevalence

The YOG Candidature Procedure is subject to the provisions of the Youth Olympic Games Host City Contract and the Olympic Charter. Should there be any conflict between, on the one hand, this document and, on the other hand, the Youth Olympic Games Host City Contract and/or the Olympic Charter, the Youth Olympic Games Host City Contract and/or the Olympic Charter shall prevail.

1.1.3 Signature of the YOG Candidature Procedure

**Signature**

The Bid Committee, the YOG Candidate City and the NOC are required to sign the YOG Candidature Procedure, confirming their acceptance of the rules.

The candidature becomes official when the YOG Candidature Procedure has been signed by the Bid Committee, the YOG Candidate City and its respective NOC.

The signature page of the YOG Candidature Procedure can be found at the end of Part 1.

**Deadline**

Each YOG Candidate City should print the YOG Candidature Procedure (Part 1 of this document) and return it to the IOC by 21 March 2008, duly signed by representatives of the Bid Committee, the city and the NOC.
1.1.4 IOC services provided to YOG Candidate Cities

**Services**

- All documents/information produced by the IOC for YOG Candidate Cities
- Protection of the word mark "[City] 2012" outside the YOG Candidate City’s national territory
- Access to the IOC’s Olympic Games Knowledge Management programme
- Participation in the IOC YOG Candidate City workshop (End March 2008 in Lausanne) for IOC to provide further information and answer YOG Candidate Cities’ questions
- Ongoing information and assistance to YOG Candidate Cities
1.1.5 YOG Candidate City logo and designation

YOG Candidate Cities should not create a logo specifically for their bid. They may adopt, for institutional use only (e.g. stationary, letterheads, business cards, video presentations, brochures...), the existing emblem of their city and use it together with the existing emblem of their NOC. (A Winter Youth Olympic Games emblem may be developed after the election of the host city, according to IOC instructions)

YOG Candidate Cities may also use the designation “City [Year] – Candidate City for the Youth Olympic Games” for institutional use only.

Cities may not make any use of the Olympic symbol.

Copyright

In general, all Olympic-related graphic, visual, artistic and intellectual works or creations developed by or on behalf of the Bid Committee, YOG Candidate City or NOC shall be vested in and remain in the full ownership of the IOC.
1.1.6 Submission of the YOG candidature file, guarantees, photographic files and Undertaking

**YOG Candidature File**

The YOG Candidature File consists of a compilation of a YOG Candidate City's answers to the IOC questionnaire to be found in Part 2 of this document.

The YOG Candidature File, along with the guarantees and photographic files, is one of the IOC's principal tools in evaluating a candidature and analysing its technical characteristics. The file must therefore accurately reflect the current situation of the city and present its plans in a realistic manner.

The YOG Candidature File must be presented in accordance with the Model YOG Candidature File described in Part 3 of this document.

In order to facilitate the IOC's assessment of replies and to allow for an objective analysis, it is important that the order of questions is respected and that precise and concise answers are given.

**Force of obligation**

YOG Candidate Cities are reminded that all representations, statements and other commitments contained in the YOG Candidature File have the force of obligations, as do all other commitments made by the YOG Candidate City, the NOC and the Bid Committee.

**Guarantees**

The IOC questionnaire requires YOG Candidate Cities to obtain many guarantees from third parties. The aim of these guarantees is to protect both the YOGOC and the IOC after the Host City is elected, and to provide the YOGOC with the best possible framework for the organisation of the Youth Olympic Games. This demanding exercise in the candidature phase will pay dividends in the future for the city which is elected Host City for the 1st Summer Youth Olympic Games in 2012.

The Guarantees must be presented in accordance with the Model YOG Guarantees File described in Part 3 of this document.

**Undertaking**

YOG Candidate Cities shall abide by the terms of the "Undertaking" (a copy of which can be found in Chapter 1.4). Each YOG Candidate City should print a copy of the Undertaking and return it, duly signed by representatives of the Bid Committee, the YOG Candidate City and the NOC, to the IOC with the YOG Candidature File not later than 19 June 2008.
1.1.6 Submission of the YOG candidature file, guarantees, photographic files and Undertaking, Continued

**Delivery of the file to the IOC**

By the deadline of 19 June 2008, 50 copies (in English) of the YOG Candidature File, three copies of the photographic files, three copies of the YOG Guarantees File (originals and two copies) and all additional documents requested in the questionnaire must be delivered to the IOC administration (for IOC internal use, members of the IOC panel of experts and Evaluation Commission, IOC Executive Board and the Olympic Museum).

All above-mentioned documents should be sent by post/courier.

Once submitted to the IOC, no changes or additions may be made to the YOG Candidature File except (i) on the request of the IOC, or (ii) with the written consent of the IOC.

**Authorisation and distribution**

After 19 June 2008, Candidate Cities are at liberty to release their Candidature Files to the public and to the media.
1.1.7 Analysis of the candidature files

IOC Panel of Experts
An IOC panel of experts, representative of the Olympic Movement, shall study the YOG Candidature Files and, based on its analysis, shall propose a short-list of YOG Candidate Cities to be further evaluated by the IOC Evaluation Commission.

IOC Evaluation Commission
The IOC President will appoint an Evaluation Commission, representative of the Olympic Movement, to further study the YOG Candidate Cities’ projects.

Visit coordination and guidelines
After the short-listing of Candidate Cities, the IOC Evaluation Commission may decide to visit or send technical experts to the short-listed YOG Candidate Cities.

Should visits to the short-listed YOG Candidate Cities take place, the sites proposed for the Youth Olympic Games shall be visited and meetings on aspects and themes of the candidature shall be held with all the parties involved in the candidature – e.g. the Bid Committee, public authorities, experts etc.

If applicable, the IOC will coordinate such visits to the short-listed YOG Candidate Cities and the costs of such visits (travel + accommodation) shall be borne by the IOC. The dates of any visits shall be determined by the IOC, on the basis of logistical and geographical considerations.

The IOC will provide YOG Candidate Cities with visit guidelines. A draft programme of the visits shall be prepared by the YOG Candidate Cities in accordance with these visit guidelines for IOC approval.
1.1.8 Report of the IOC Evaluation Commission

At the end of the evaluation process, the Evaluation Commission issues a report to the IOC Executive Board.

The aim of this report is to assist the IOC in the important decision of electing the Host City and to underline the challenges that could be faced in each short-listed YOG Candidate City in the years leading up to and including the 2012 Winter Youth Olympic Games.
1.1.9 Recommendation by the IOC Executive Board of YOG Candidate Cities to be submitted to the IOC members for election

**Process**

Following the submission of the report by the Evaluation Commission, the IOC Executive Board shall draw up the list of YOG Candidate Cities to be submitted to a postal vote by the IOC members for election as Host City.

Short-listed YOG Candidate Cities shall make no presentations to the IOC.
1.1.10 Election of the Host City of the 1st Winter Youth Olympic Games in 2012

**Process**  
The IOC members shall elect the Host City from the list of YOG Candidate Cities drawn up by the Executive Board.

The Host City of the 1st Winter Youth Olympic Games will be elected by postal vote during the month of November 2008.

**Announcement**  
The result will be announced by the IOC in December 2008.

**Host City Contract**  
Representatives of the elected city and the NOC concerned will be required to sign the Youth Olympic Games Host City Contract, according to IOC instructions.
Overview

Introduction

YOG Candidate Cities must abide, in all aspects, by all provisions of the "IOC Code of Ethics" and the "Rules of conduct applicable to all cities wishing to organise the Youth Olympic Games".

This chapter contains the "Rules of conduct applicable to all cities wishing to organise the Youth Olympic Games". These Rules of Conduct apply to cities wishing to organise the Youth Olympic Games and to their National Olympic Committees (NOCs), as well as any person or organisation acting on their behalf or supporting the candidature.

These Rules are applicable as soon as a city informs its NOC of its wish to organise the Youth Olympic Games.
Rules of conduct applicable to all cities wishing to organise the Youth Olympic Games

PRINCIPLES

The conduct of the cities shall comply strictly with the provisions of the Olympic Charter, the IOC Code of Ethics and its Implementing Provisions. Cities shall also respect the procedure for evaluating the candidature established by the IOC.

These Rules of Conduct apply to cities wishing to organise the Youth Olympic Games and to their National Olympic Committees (NOCs), as well as any person or organisation acting on their behalf or supporting the candidature.

The NOC of the country is responsible for the activities and conduct of the Candidate City.

INTERNET

YOG Candidate Cities may create their own Internet site for informative purposes only. The site may list third parties providing financial support to the candidature, subject to the following conditions:

A. Cities may list the names of third parties providing financial support to the bid (including donors) on their official website or in their publications provided that such third party is not a competitor in the category of an IOC TOP Partner, another international Olympic sponsor or an NOC sponsor.

B. Donors being competitors in the category of a TOP Partner, another international Olympic sponsor or an NOC sponsor shall not be authorised to communicate with respect to their donation to the bid or otherwise associate themselves with the bid in any manner whatsoever.

GIFTS

No gifts may be given to or received by Olympic parties. No promise of any kind of advantage may be made. This twofold prohibition shall be respected by the cities and their NOCs as well as by all those acting on behalf of or supporting the candidature.

The same principle applies to the cities’ relations with third parties, in particular the media, IFs and organisations recognised by the IOC.

VISITS

There shall be no visits by IOC members and IFs to the cities, nor by the cities to IOC members or IFs.
RULES OF CONDUCT APPLICABLE TO ALL CITIES WISHING TO ORGANISE THE YOUTH OLYMPIC GAMES, Continued

RELATIONS BETWEEN CITIES

Each city shall, in all circumstances and at all times, respect the other cities as well as the IOC members and the IOC itself.

The cities shall refrain from any act or comment likely to tarnish the image of a rival city or be prejudicial to it. Any comparison with other cities is strictly forbidden.

No agreement, coalition nor collusion between the cities or their NOCs aimed at influencing the result is permitted.

PROMOTION

Throughout the procedure, any promotion of a candidature shall take place with dignity and moderation. Any person or organisation acting on behalf of a city must respect, in particular, the following provisions:

National promotion:

YOG Candidate Cities are permitted to promote their candidature on the occasion of national events held on the territory of their NOC. The territory must be understood in a restrictive manner excluding, in particular, diplomatic representations abroad.

International promotion:

YOG Candidate Cities may not undertake promotion at an international level in any form.

This rule should be understood in the widest sense and should not be subject to interpretation. Making contact with or sending information to IOC members in any way whatsoever for example shall be considered as international promotion in this context and is therefore not authorised.

The city and its NOC are entirely responsible for the application of this article.

INTERPRETATION AND SANCTIONS

All questions concerning the Rules of Conduct and matters concerning their interpretation shall be addressed to the IOC Olympic Games Department – Youth Olympic Games Section.

Minor breaches of the rules will be dealt with by the Olympic Games Department. Further breaches of the rules will be submitted to the IOC Ethics Commission, which will take the necessary measures.
1.3 Communication and copyright

Communication and copyright

Communication  
Maintaining objectivity throughout any promotion campaign is essential. Casual promises and unrealistic goals are very quickly seen through and can often damage the image of the candidature and its chances of success.

For this reason, it is important to maintain coherence and harmony between the projects described in the YOG Candidature File and those developed in the promotion campaign.

Copyright  
The YOG Candidate/Host City, the NOC and the Bid Committee/YOGOC must ensure that YOG-related graphic, visual, artistic and intellectual works or creations developed by them or on their behalf shall be vested in and remain in the full ownership of the IOC.

Cost considerations  
YOG Candidate Cities must be cost-conscious in their approach to promotion on the national territory. The candidature will be under tough public scrutiny and, whilst all efforts to promote the project will be enthusiastically supported during the candidature, the post-election attitudes of the public, media, sponsors and supporters can be very critical and damaging.
1.4 → Undertaking

PART 2 → IOC Questionnaire

Overview

YOG Candidature File

YOG Candidate Cities are required to present their city’s blueprint for organising the Youth Olympic Games in the form of the YOG Candidature File.

The structure of such YOG Candidature File shall follow the structure of the questionnaire contained in Part 2 of this document. The YOG Candidature File provides the basis for a technical analysis of a city’s project. The facts should therefore be presented in as clear and concise manner as possible.

Fonts

Throughout the questionnaire contained in Part 2, all questions and guarantees are presented in bold font and any accompanying explanatory text is presented in regular font.

Guarantees

The IOC questionnaire also requires YOG Candidate Cities to obtain guarantees from third parties. Questions requiring a guarantee are flagged with the following icon in the questionnaire:

Certain guarantees require YOG Candidate Cities to use a standard text provided in the model YOG Guarantees File. These guarantees will be clearly marked as follows:

Standard text provided for this guarantee in the model YOG Guarantees File.

Overview, Continued

Additional documents

YOG Candidate Cities are also required to provide certain additional documents to the IOC, in various formats specified throughout the questionnaire. Questions requiring an additional document to be submitted are flagged with the following icon in the questionnaire:

Instructions

Precise instructions on how to create the YOG Candidature File, photographic files and YOG Guarantees File, from a presentation and content point of view, can be found in Part 3 of this document. The aim of these instructions is two-fold:

• To save the Bid Committee unnecessary work, effort and expense
• To ensure that the information provided to the IOC can be easily and objectively analysed and compared

YOG Candidate Cities must follow the instructions given in Part 3.

Force of obligation

It is very important to remember that all representations, statements and other commitments contained in the YOG Candidature File are binding in the event that the city in question is elected to host the Winter Youth Olympic Games.

Reference documents

We remind YOG Candidate Cities that anyone connected with the preparation of a YOG Candidature File must refer to the Olympic Charter, the Youth Olympic Games Host City Contract, the Youth Olympic Games Event Manual and all other documents related to the Youth Olympic Games for further information concerning all themes of the IOC Questionnaire.

The IOC will also provide YOG Candidate Cities with the opportunity to ask questions related to their Candidature Files at a workshop to take place in Lausanne end of March 2008.

- management of the impact of hosting the Youth Olympic Games and of optimising the intangible and tangible legacies for the city, region, sport in the host country and the Olympic Movement within the framework of sustainable development

Theme 1 – Concept and legacy

CONCEPT AND LEGACY

Q 1.1  The duration of the competitions of the Winter Youth Olympic Games shall not exceed 10 days. For the 1st Winter Youth Olympic Games, the dates of the Games shall be chosen at a time of year that fits in with sporting and climatic calendars.

State your proposed dates to host the 1st Winter Youth Olympic Games in 2012 and specify your reasons.

Q 1.2  To host the Youth Olympic Games, it is strongly recommended to use existing or planned venues only. Using venues with moderate capacities is also recommended (see details of capacities in Theme 7). Hosting the Games should not require the construction of any new venue.

Describe your motivation and vision for the Winter Youth Olympic Games, should your city become the Host City of the 1st Winter Youth Olympic Games.

Provide Map A (no larger than A3 – folded or double page – and clearly indicating the graphic scale used): a map of your city/region on which your project is superimposed thus giving a complete visual overview of your concept and project.

Commitment  Through its Agenda 21, the Olympic Movement is fully committed to sustainable development in all of its three dimensions (environmental, socio-cultural, economic) and endeavours to apply its principles to the planning, organisation and legacy of the Youth Olympic Games.

The IOC is concerned that the Winter Youth Olympic Games should be an exemplary event in this respect and that sustainable sound policies, programmes and practices be adopted. It is fundamental that from the beginning of the candidature to the post-Olympic period, all measures are taken to minimise or eliminate negative impacts on the territory hosting the Games all the while optimising the positive impacts and contribute to the harmonious integration of the Winter Youth Olympic Games into the long term development of the host city, region and country.

Collaboration  It is essential that, from the earliest stages of planning, a dialogue of cooperation is established with the government and non-government organisations in this respect. In addition to the technical aspects involved, the bid committee can send very positive messages through efforts in the field of sustainability.

Q 1.5 The Olympic Movement and its ideals enjoy an image recognised all over the world. It is the task of all members of the Olympic Family, including YOG Candidate Cities and Organising Committees, to ensure that this image is positive and serves the Olympic Ideal.

The communications of the Winter Youth Olympic Games should be targeted primarily towards the youth of the world, reaching beyond the participants at event time to youth communities throughout the world in the years leading up to the Youth Olympic Games. The IOC would work closely with the YOGOC in the years leading up to the Winter Youth Olympic Games to develop coherent and complementary communication strategies.

Theme 6 ➔ Marketing

Overview

Aim

This section seeks to establish a YOG Candidate City’s understanding of the conditions under which a Youth Olympic Games marketing programme may be conducted. Some of the immediate priorities include:

- Understanding the importance of protecting the Olympic brand and existing Olympic sponsors’ rights
- Obtaining commitments from public and private entities within the future host territory to protect the Olympic image and prevent ambush marketing
- Securing all necessary measures to promote and enhance the Olympic image through traditional and innovative initiatives that complement the world-wide promotion of the Olympic Movement
- Projecting and substantiating conservative revenue forecasts from major marketing sources (e.g. local sponsorship and suppliers, ticketing, hospitality, licensing, coins, lotteries and other revenue generating initiatives)

Guarantees

YOG Candidate Cities are required to obtain the following guarantees for theme 6:

Theme 6 – Marketing

Q 6.1

**RELATIONSHIP WITH NOC MARKETING PROGRAMME**

During the years leading up to the Winter Youth Olympic Games, the marketing programme of the NOC of the host territory and the Winter Youth Olympic Games-related marketing programme will overlap. There is therefore a need to agree on the division of responsibilities between the NOC and the YOGOC*.

Enclose in your YOG Guarantees File one fully executed copy of an agreement between the NOC and the YOG Candidate City of your territory for the period beginning on 1 January 2009 through to 31 December 2012 including the following:

- Description of the marketing structure between the NOC and the YOG Candidate City in the host territory for the above period
- Description of the management responsibilities
- Descriptions of the properties and rights and the repartition of their ownership and marketing management
- Description of the financial terms

Q 6.2

**TOP PROGRAMME AND OTHER IOC MARKETING PROGRAMMES**

The TOP programme is a world-wide sponsorship programme coordinated by the IOC, which affords to a limited number of multinational companies, on a four-year cycle, the highest level international marketing rights in relation to the Olympic Games, the IOC and the 205 NOCs, based on exclusivity for a given product category.

Provide a guarantee confirming the YOGOC's unconditional commitment to respect and protect the TOP partners' and other IOC marketing partners' rights.

Q 6.3

**PREPARING THE LOCAL MARKETPLACE BY DEVELOPING MEASURES TO PREVENT AMBUSH MARKETING**

Provide (a) written guarantee(s) from the relevant government authorities confirming that the legislation necessary to effectively reduce and sanction ambush marketing (e.g. preventing competitors of Olympic sponsors from engaging in unfair competition), and, during the period beginning two weeks before the Opening Ceremony to the Closing Ceremony of the Winter Youth Olympic Games eliminate street vending, control advertising space (e.g. billboards, advertising on public transport, etc.) as well as air space (to ensure no publicity is allowed in such airspace) will be passed no later than 1 January 2010.

Q 6.4 LOTTERY

Are there any plans for a lottery to finance the Winter Youth Olympic Games (whether or not as part of the YOGOC marketing programme)?

If so, please outline the concept of such lottery.

What is the projected overall total lottery income and what would be the YOGOC's share?

What is the current legislation in place regarding lotteries in general and sports lotteries specifically?

Are there currently any sports lotteries on-going or under development that would compete with an eventual Youth Olympic Games-related lottery?

In the event that there are plans for a lottery to finance the Winter Youth Olympic Games, provide (a) guarantee(s) from the relevant authorities, endorsing the proposed plan and securing revenue projections in case such revenue projections are not achieved.
Theme 7  →  Sport and venues

Overview

Aim

The programme of the 1st Winter Youth Olympic Games shall be established on the basis of the seven sports included in the Vancouver 2010 programme (Biathlon, Bobsleigh, Curling, Ice Hockey, Luge, Skating and Skiing), provided that the venues allow for it. The number of disciplines and events will however be limited. All competitions must be held in the Host City and/or region.

This section seeks to establish a YOG Candidate City’s detailed plans for sport and venues, including the following elements:

• Competition schedule
• Venue identification and location
• Venue financing and works (if applicable)
• Venue use and ownership
• Electrical power
• Venue responsibilities
• Tendering processes (if applicable)
• Meteorological information

YOG Candidate Cities are also requested to submit “photographic files” illustrating the venue(s) of the Winter Youth Olympic Games.

Guarantees

YOG Candidate Cities are required to obtain the following guarantees for theme 7:

Theme 7 – Sport and venues

Q 7.1

**COMPETITION SCHEDULE**

The programme of the 1st Winter Youth Olympic Games shall be established on the basis of the seven sports included in the Vancouver 2010 programme (Biathlon, Bobsleigh, Curling, Ice Hockey, Luge, Skating and Skiing), provided that the venues allow for it. The number of disciplines and events will however be limited.

All competitions must be held in the Host City and/or region.

*Based on the Youth Olympic Games Programme provided in Appendix A to Theme 7, use table 7.1 to indicate:*

- Dates and days of competition (by sport)
- Opening and Closing Ceremonies

The following information contains important guidelines concerning the choice of venues:

**IOC Guiding Principles – Venues**

Venues are a critical success factor for a Youth Olympic Games, in both financial and operational terms. It is therefore important that YOG Candidate Cities have a full understanding of venues, from planning through to permanent refurbishment (if applicable), temporary infrastructure, overlay, operations and retrofit.

Guiding principles:

- No new venues should be built (or by exception)
- Venues must meet requirements and be realistic with respect to the master plan of the Host City, resource efficiencies and post-Games legacy
- Venue planning should support the concept of sustainable development as it applies to the Olympic Movement in general, and to event infrastructure specifically (e.g. use of permanent versus temporary facilities, environmentally sensitive materials/systems/impacts)
- For venue selection:
  - All sports venues must be located in the Host City and/or region
  - Refurbish existing venues if needed
  - If there is a choice among existing venues, do not hesitate to cluster
- Venues should be safely and efficiently operated, keeping the primary focus on the athletes

Continued on next page
Important note

Although YOG Candidate Cities are requested to allocate specific sports to specific venues in theme 7, the IOC reserves the right to work with the eventual Organising Committee to modify this allocation, if required, in order to minimise the impact of hosting the Games.

Gross seating capacities

Venue gross seating capacities are indicated in the Youth Olympic Games Programme provided in Appendix A to Theme 7.

These standards allow for flexibility to determine final venue gross seating capacities.

Q 7.2

VENUES

Use table 7.2 to list:

- All proposed competition venues
- Gross seating and standing capacities of competition venues
- All proposed training venues

The following information contains important guidelines concerning the choice of venues:

Q 7.3

VENUE LOCATION

Map B

Indicate on Map B, no larger than A3 – folded or double page – and giving the graphic scale used, the location of all competition and training venues, as well as the following non-competition venues:

- The Youth Olympic Village
- Olympic Hotel(s) – see list of client groups in the event manual
- MMC

Please make sure you observe the following colour code:

- PALE BLUE Existing infrastructure, no permanent works required
- DARK BLUE Existing infrastructure, permanent works required
- GREEN Planned infrastructure (irrespective of the Games)
- RED Additional permanent infrastructure (necessary to host the Games, if applicable and by exception) and temporary infrastructure

Continued on next page
Theme 7 – Sport and venues, Continued

Q 7.3 (continued) 
Please note that map B must also be provided to the IOC, with the YOG Candidature File, in the following formats:

- 5 printed sets of Map B in A0 format (841 x 1,189 mm) clearly indicating the graphic scale used
- Map B, in the scale used above, must also be included on the CD ROMs to be provided to the IOC (see Part 3.1.3)

Q 7.4
VENUE WORKS

Complete tables 7.4.1, 7.4.2, 7.4.3 and 7.4.4, to include all competition venues, the Youth Olympic Village and the MMC according to their state of construction:

| Table 7.4.1 | Existing venues, no permanent works required |
| Table 7.4.2 | Existing venues, permanent works required |
| Table 7.4.3 | If applicable and by exception, venues to be built as new permanent structures – specify if venues are planned to be built irrespective of the Youth Olympic Games or if they are additional venues required to host the Games |
| Table 7.4.4 | Venues to be built as totally temporary venues |

Indicate for each venue:

- **Financing**
  - An estimate of the cost (in USD 2008) of all the permanent work to be carried out
  - An estimate of the cost (in USD 2008) of all the temporary work to be carried out
  - The amount to be financed by the YOGOC (amount in USD 2008 figures and percentage of total cost)

**N.B:** In no such case may any recognition or marketing rights be granted to private entities that may be financing venue works.

Provide guarantees for the financing of work from the relevant competent bodies and specifying for which venues.

Continued on next page
Q 7.5

VENUE USE

“No form of advertising or other publicity shall be allowed in and above the stadia, venues and other competition areas which are considered as part of the Olympic sites. Commercial installations and advertising signs shall not be allowed in the stadia, venues or other sports grounds.”

Olympic Charter – Article 2, Rule 53

YOG Candidate Cities are required, via a guarantee from each venue owner, to secure use of venues and control of all commercial rights (e.g. in-stadium signage, catering and concessions signage and services, venue naming rights etc.) for the future YOGOC, in relation to existing and hereafter developed Olympic venues (both competition and non-competition venues) for the period the YOGOC has control of the venue, including test events.

The guarantee must confirm that the YOGOC will have the possibility to rename and rebrand the venue for use during the Youth Olympic Games rather than using an existing name.

The agreement should also consider use of existing technology equipment such as scoreboards and video boards, use of venue staff and early access for test events, technology installations, commissioning, testing and fit-out.

Use table 7.5 to indicate for each competition venue:

- Current use of venue
- Current ownership
- Guarantee status (competition venues only)
  - For use of venue/rental costs
  - For commercial rights

Provide a written guarantee from each venue owner guaranteeing the following:

- use of venue (including the period the YOGOC has control of the venue)
- rental costs (if applicable)
- control, to the YOGOC, of all commercial rights in relation to existing or hereafter developed Youth Olympic venues (including but not limited to the terms and conditions listed in the “Clean Venue Appendix”) for the period the YOGOC has control of the venue, including test events.

Standard text provided for this guarantee in the model YOG Guarantees File.

Please note that, once elected as Host City, the YOGOC must develop a more detailed agreement with each venue owner, which is subject to approval by the IOC. Amongst other details, this agreement should consider the use of existing technology equipment such as scoreboards and video boards, use of venue staff and early access for test events, technology installations, commissioning, testing and fit-out.

Please also note that agreements to be developed between the YOGOC and all training venue owners once the Host City is elected must ensure control of all commercial rights (including but not limited to the terms and conditions listed in the “Clean Venue Appendix”).

Q 7.6 Venue photographic files
A venue photographic file is an A4 document (maximum 5 pages – with A3 fold-out pages if you so wish), presenting an existing venue through a set of colour photographs together with a written description of the venue and its location giving an overview of its history, location, layout, functionality and architecture.

For each competition venue, provide a photographic file which clearly illustrates the venue (inside and outside – as applicable). The following list provides an indication of elements to include in the photographic files:

- Written description (maximum 1 page)
  - Location (in relation to the city) and accessibility (transport routes and public transport)
  - History and usage: initial construction, renovations, architectural and functional description, previous and current usage
- Set of colour photographs (maximum 4 pages, including A3 fold-out pages if you so wish)
  - Aerial and/or external panoramic elevated view
  - Venue external frontage (where applicable)
  - Views including field of play and seating tribunes

**Theme 8 → Culture and education**

### Overview

**Aim**

This section seeks to establish a YOG Candidate City’s plans regarding culture, education and ceremonies associated with the sports competitions and celebrations surrounding the event. The culture and education programmes should be fully fledged extending to numerous activities and events for the athletes and participants to ensure that the blend of sport, culture and education expresses the true nature of the Winter Youth Olympic Games.

In this section, an innovative and proactive approach is encouraged and expected from YOG Candidate Cities, linking with the motivation and vision expressed in Theme 1. Please note that the IOC will work closely with the YOGOC in the years leading to the Youth Olympic Games to draw up the culture and education programmes in accordance with IOC guidelines.

**Guarantees**

YOG Candidate Cities will be required to obtain the following guarantees for theme 8:

<table>
<thead>
<tr>

</table>
| Q 8.2           | Provide a guarantee from each venue owner guaranteeing the following:  
  • Use of venue (including the period the YOGOC has control of the venue)  
  • Rental costs (if applicable)  
  • Control, to the YOGOC, of all commercial rights in relation to existing or hereafter developed Youth Olympic venues (including but not limited to the terms and conditions listed in the "Clean Venue Appendix") for the period the YOGOC has control of the venue.  
  See “Clean Venue Appendix” in the model YOG Guarantees File. |
| Q 8.3           | Provide guarantees from all active players in the culture and education programmes detailing their roles and responsibilities, including funding. |
| Q 8.5           | For applicable venues, provide guarantees for the financing of construction work (if applicable) from the relevant venue owners or competent bodies. |
Theme 8 – Culture and education

**Definitions and objectives**

The Youth Olympic Games culture and education programmes should represent a unique, once-in-a-lifetime learning experience for the young athletes and participants gathered from all over the world to celebrate the spirit and values of Olympism. It is a fundamental component of the Youth Olympic Games.

For Youth Olympic Games athletes and participants, experiencing and sharing the culture and education programmes and taking part in sports competitions are equally important. The culture and education programmes should be designed around the sport competition schedule defined in theme 7 and should extend throughout the period the Youth Olympic Village is open.

Furthermore, the culture and education programmes should also reach out before and during the Games to the following constituent groups:

- **Athletes and participants** – from the moment they are selected by their respective NOC to the moment they arrive in the Host City of the Youth Olympic Games, mainly through digital media platforms as put forward in theme 1 (Q 1.7)

- **Youth communities throughout the world** in the years leading up to and during the Games, mainly through digital media platforms as put forward in theme 1 (Q 1.7)

- **Inhabitants of the Host City, region and country of the Youth Olympic Games** as well as the **visitors travelling to the Host City to attend the Games** (applies only to the culture programme)

The multi-lingual, multi-cultural and multi-age nature of the targeted audiences must be taken into consideration when designing the Youth Olympic Games culture and education programmes, particularly with regards to the educational activities.

The following four subjects of learning underlie the objectives of the culture and education programmes:

- **Education:**
  - “Learning to know”
  - “Learning to do”
  - “Learning to be”

- **Culture:**
  - “Learning to live together”

Please note that more detailed information regarding the culture and education programmes will be presented to YOG Candidate Cities during the YOG Candidate City workshop at the end of March.

Continued on next page
**Theme 8 – Culture and education, Continued**

**Definitions and objectives (continued)**

**Education:**

The education programme can be divided as follows:

- **Educational sessions**
  Olympic governing bodies, representatives, champions and experts would talk about essential themes in the practice of sports like Well being and Healthy lifestyle, Fight against doping, Social responsibility, etc...

- **Educational activities**
  Programme of activities (excursion, initiation, organisational role, etc.) for athletes, non-athlete delegation members and local youth such as young "technical officials", "reporters", 'young delegation ambassadors", "volunteers", etc...

- **Educational forums**
  Programme of forums to educate and debate essential values and discuss the future of the Youth Olympic Games and the Olympic Movement.

**Culture:**

The culture programme can be divided as follows:

- **Artistic activities and events**
  Arts performances, exhibitions, workshops, etc...

- **Celebration of cultures and traditions (local and international)**
  Cultural and traditional exhibitions and events

- **Celebration of the Games**
  Among participants and together with inhabitants and visitors

Q 8.1

Describe your culture and education programmes for the Winter Youth Olympic Games including your vision and concept and an overview of content:

• In the 2 years leading up to the Games in your host territory and throughout the world (local events, interactive digital platforms for youth communities, programmes for delegation members through the NOCs, etc.)

• In your host territory, for the period the Youth Olympic Village is open – mainly for participants, and for inhabitants and visitors (events, activities, on-site and global interactive digital platforms, etc.)

Q 8.2

VENUE USE

The culture and education programmes will require the use of venues such as an auditorium, exhibition centre, live sites...

In the same manner as for competition venues (Theme 7), YOG Candidate Cities are required, via a guarantee from each venue owner, to secure use of venues and control of all commercial rights (e.g. signage, catering and concessions signage and services, venue naming rights etc.) for the future YOGOC, in relation to existing and hereafter developed Youth Olympic Games venues for the culture and education programmes for the period the YOGOC has control of the venue.

The guarantee must confirm that the YOGOC will have the possibility to rename and rebrand the venue for Youth Olympic Games use rather than using an existing name.

The agreement should also consider use of existing technology equipment such as conference and stage theatre technology installations, commissioning, testing and fit-out.

Provide a written guarantee from each culture and education venue owner guaranteeing the following:

• use of venue (including the period the YOGOC has control of the venue)
• rental costs (if applicable)
• control, to the YOGOC, of all commercial rights in relation to existing or hereafter developed Youth Olympic venues (including but not limited to the terms and conditions listed in the “Clean Venue Appendix”) for the period the YOGOC has control of the venue.

Standard text provided for this guarantee in the model YOG Guarantees File.

A venue photographic file is an A4 document (maximum 5 pages – with A3 fold-out pages if you so wish), presenting an existing venue through a set of colour photographs together with a written description of the venue and its location giving an overview of its history, location, layout, functionality and architecture.

For each culture and education venue, provide a photographic file which clearly illustrates the venue (inside and outside). The following list provides an indication of elements to include in the photographic files:

- Written description (maximum 1 page)
  - Location (in relation to the city) and accessibility (transport routes and public transport)
  - History and usage: initial construction, renovations, architectural and functional description, previous and current usage

- Set of colour photographs (maximum 4 pages, including A3 fold-out pages if you so wish)
  - Aerial and/or external panoramic elevated view
  - Venue external frontage
  - Inside views

Q 8.5
For applicable venues, provide guarantees for the financing of construction work (if applicable) from the relevant venue owners or competent bodies.

Q 8.6
The details of all ceremony programmes must be approved by the IOC, prior to the Winter Youth Olympic Games.

Describe the intended venue for the Opening and Closing Ceremonies of the Winter Youth Olympic Games (location, dimensions, seating capacity etc.).

If the ceremonies are not taking place in one of your proposed competition/culture and education venues, please give the location of the venue on maps A and B.

Theme 13 – Transport

Introduction

One of the keys to a successful Youth Olympic Games is an efficient, safe and reliable transport system that allows all personnel to perform their specified roles.

Games-time traffic requirements must be planned, managed and integrated with the base traffic associated with the normal public activities of the city/region.

The Youth Olympic Games Transport System is based on the idea of a shuttle service common to all accredited persons, allowing for simplicity of implementation and use.

Q 13.1

Based on your general Youth Olympic Games concept and your city and regional transport systems, explain your Games-time transport concept.

Describe the transport infrastructure which will play a key role during the Winter Youth Olympic Games and indicate if any construction will be necessary (new infrastructure or upgrading existing infrastructure).

• motorway and main road network
• public transport network lines (regional and suburban rail, subway, light rail, high capacity dedicated bus lanes or waterways if applicable)

Are there alternative ways to reach the competition and non-competition venues (by road/public transport)?

Q 13.2

If applicable, please indicate which authorities (national, region, city etc.) will be responsible for planning, financing and constructing new and upgraded transport infrastructure defined in Q 13.1 and complete table 13.2

Q 13.3

Complete Map B requested in Q 7.3 by superimposing your city’s relevant transport infrastructure.

Should your gateway international airport not appear on this (these) map(s), please use an arrow to indicate its direction and the additional distance to the airport.

Please observe the following colour code and graphic standards:

• PALE BLUE  Existing infrastructure, no permanent works required
• DARK BLUE  Existing infrastructure, permanent works required
• GREEN  Planned infrastructure (irrespective of the Games)

</table>
Theme 14 – Technology

Introduction

Technology plays an extremely important role both in the preparation phase and during the Winter Youth Olympic Games.

Technology encompasses a wide field of services, which can be defined into three broad categories:

- Information systems
- Telecommunications and other technologies
- Internet

Please note that, although the YOGOC is responsible for planning and implementation, the IOC reserves the right to choose suppliers to cover one or more areas of technology necessary to the preparation and smooth running of the Winter Youth Olympic Games.

TELECOMMUNICATIONS MARKETPLACE

Q 14.1 Indicate whether a regulatory body exists for the market, whether this body is tied to government authorities and who issues the licences.

Q 14.2 Describe the existing infrastructure and technology networks linking competition and non-competition venues that will support the traffic necessary for the organisation of the Winter Youth Olympic Games (telephony, data network, audio and video circuits).

Indicate the existence of any alternative path for back-up purposes.

This information must be obtained from potential telecommunications providers.

Q 14.3 Provide a letter of intent from (a) local operator(s) stating that it (they) has (have) the capacity, capability and interest in providing all Games-time telecommunications/mobile needs.

FREQUENCY CONTROL

Q 14.4 Indicate the body(ies) responsible (and any ties) for allocating and controlling the frequencies necessary for radio transmissions.

Q 14.5 Provide (a) guarantee(s) from the competent body(ies) that it (they) is(are) prepared to allocate, manage and control the necessary frequencies for the organisation of the Winter Youth Olympic Games.

Q 14.6 Provide (a) guarantee(s) from the relevant authorities that there will be no fee charged to the all client groups for the reservation and services of allocated frequencies from one month before the Opening Ceremony of the Winter Youth Olympic Games to one week after the Closing Ceremony of the Games.
Theme 15 ➔ Media operations

Overview

Aim
This section seeks to establish a YOG Candidate City’s ability to ensure that the accredited media and host broadcaster (if applicable) at the Winter Youth Olympic Games are provided with appropriate facilities and services to ensure the best possible media coverage of the Games.

Guarantees
YOG Candidate Cities are required to obtain the following guarantees for theme 15:

<table>
<thead>
<tr>
<th>Question number</th>
<th>Guarantee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Q 15.1</td>
<td>Provide all guarantees obtained for the use, refurbishment and, if applicable, construction of the MMC from the owners concerned, including possession and vacation dates. This guarantee must also state that the owner(s) grant(s) all rights with respect to commercial rights in relation to the MMC to the YOGOC for the period the YOGOC has control of the venue(s).</td>
</tr>
</tbody>
</table>

See “Clean Venue Appendix” in the model YOG Guarantees File.
In May 2001, to ensure that high standards of broadcasting are maintained from Games to Games, the IOC Executive Board approved the decision to set up Olympic Broadcasting Services (OBS) for the purpose and mission of providing the facilities and performing the services generally performed by an "Olympic Broadcast Organisation” or “host broadcaster” – (OBO).

The IOC has additionally appointed OBS to provide the services of the host broadcaster for the Youth Olympic Games. The IOC will cover the costs of OBS’s broadcast operations.

The IOC will own all broadcast and exhibition rights for television, radio, Internet, mobile and other new media platforms.

It is currently envisaged that OBS will primarily provide a daily taped highlights package, for television and new media. The Youth Olympic Games Organising Committee may propose to OBS live coverage of particular events based on the local conditions.

The Youth Olympic Games Organising Committee will still be responsible for providing certain facilities, services and other requirements for broadcasting, at its cost, at the Main Media Centre “MMC” and venues as required by OBS, details of which will be set out in an agreement between the IOC, OBS and the Youth Olympic Games Organising Committee.

Requirements may need to be adjusted to each individual city, venue and/or sport depending upon the actual conditions in place. These requirements may also have to be adapted following detailed surveys by the IOC and OBS management team and the eventual needs of OBS, Broadcasters and Press.

The Youth Olympic Games Organising Committee is required to cooperate fully with the OBO in accordance with the instructions of the IOC Executive Board.
Theme 15 – Media operations, Continued

Q 15.1 Describe your concept for the Main Media Centre (MMC), including the following elements:

- Location, size, adjacent compounds, transport hubs, parking and facilities
- State whether the MMC is an existing facility or to be constructed
- Explain the reason for your choice of MMC
- Specify who will finance the refurbishment or construction (if applicable) of the facility

Provide a photographic file A4 document of maximum 4 pages presenting and existing venue through a set of colour photographs together with a written description describing and showing the venue for the MMC and the spaces planned, including the following:

- aerial and/or external panoramic view
- transport areas and parking
- venue frontage
- main working and technical services areas

Provide all guarantees obtained for the use (including any rental costs), refurbishment and, if applicable, construction of the MMC from the owners concerned, including possession and vacation dates. This guarantee must also state that the owner(s) grant(s) all rights with respect to commercial rights in relation to the MMC to the YOGOC for the period the YOGOC has control of the venue(s).

See “Clean Venue Appendix” in the model YOG Guarantees File.

(Please note that these dates should take into consideration the time required for both the fit out and retrofit of the MMC)

**Answers**

Answers should be concise and concrete and should address the substance of the question put forward.

Answers must respect the form required for each question, as described below. This aspect is essential for the analysis which the IOC will subsequently perform.

There are three types of answers:

- **Explanatory**: textual explanation.
- **Visual**: concrete information which allows rapid visual grasp and objective analysis of the context (e.g. tables, lists, photographic files and maps). When an answer has to be given using these elements, any attached explanation must be complementary and extremely brief.
- **Guarantees**: replies which require undertakings on the part of third parties. In the corresponding theme and question, indicate whether or not the Bid Committee has obtained the guarantee and who gave it. Include all original guarantee documents in the Guarantees Files. (See instructions in the Model Guarantees Files)

**Photographic Files**

A venue photographic file is an A4 document (maximum 5 pages – with A3 fold-out pages if you so wish), presenting an existing venue through a set of colour photographs together with a written description of the venue and its location giving an overview of its history, location, layout, functionality and architecture.

Photographic files should be prepared for all competition venues, culture and education venues, the Youth Olympic Village and the MMC.

YOG Candidate Cities should submit 3 identical sets of photographic files to the IOC no later than 19 June 2008.

**Candidature File covers**

- **Front cover**: name of the city, year of the Youth Olympic Games
- **Inside front cover**: Map A
- **Inside back cover**: Map B
- **Back cover**: emblem of the NOC and emblem of the city (if applicable)
3.1.3 CD ROM instructions

YOG Candidate Cities are required to provide the IOC with 25 CD ROMs, in addition to their YOG Candidature Files, containing the following documents:

- **Electronic version of your YOG Candidature File (.pdf)** – please include one pdf document of the complete YOG Candidature File and separate individual pdf documents of each theme of the YOG Candidature File on the CD ROM.
- **Photographic files (.pdf)**
- **Maps A, B, C (.jpg)**

**Presentation**

A4 binder, made of simple and inexpensive materials, that reflects the presentation and design of the rest of the YOG Candidature File.

**Languages**

The guarantees may be provided in the official language(s) of your country.

If this (these) language(s) is (are) not English, you must include, for every guarantee, in the same sleeve, an English translation. All translations must be duly certified that they correspond accurately to the originals.

**Referencing**

All guarantees must be clearly identified and referenced according to the following instructions:

• Each guarantee should be in a plastic sleeve, identified with a label stating:

  Theme & question number
  Institution, organisation and/or persons who provided the guarantee

• Guarantees should be classified according to the 15 themes by using dividers.
3.2.1 General presentation and layout, Continued

**Referencing (continued)**

- Should a single guarantee document provide undertakings relating to several questions:
  - the guarantee should be structured by question number with clear headings
  - the original should be classified and referenced as above under the lowest theme number it refers to (in numerical order) and copies of this document should be classified and referenced as above, under all other theme numbers it refers to, with the additional mention of where the original is located in the Guarantees File.

**Example:**

Guarantee XYZ provides undertakings relating to questions Q 1.5 and Q 2.1

**Original** – file under divider 1

Reference as follows:

- Theme 1 Question Q 1.5
- Government Authorities

**Copy** – file under divider 2

Reference as follows:

- Theme 2 Question Q 2.1
- **Original:** Theme 1 Question 1.5
- Government Authorities

**Accommodation guarantees**

YOG Candidate Cities are required to provide a large number of accommodation guarantees. It is therefore essential that these guarantees are duly classified and presented as follows:

- Guarantees should be classified in ascending order according to the unique number attributed to it in theme 12.
- Each guarantee should be in a plastic sleeve, identified with a label stating:

  **HOTEL NAME**

  **Theme & question number**
  
  Person *(name + title)* who provided the guarantee

  **Star category**

  **Location**: *(0-10km or 10-20km and specify from which point of reference)*

  **Unique number attributed in theme 12**
