Physical inactivity is widespread...

- Globally, 1 in 4 adults is not active enough (WHO)
- More than 80% of the world’s adolescent population is insufficiently physically active (WHO)
- Insufficient physical activity is 1 of the 10 leading risk factors for death worldwide (WHO)

...let’s reverse the trend and get moving

Lead the way and encourage people in your community to be more physically active keeping in mind these 5 objectives:

- Promote Sport and Physical Activity
- Improve Public Health and Well-Being
- Support Active Societies
- Provide Equal Access to Sport
- Foster Olympic Legacy

“ As the embodiment of the values of sport and Olympism, it is our responsibility to get the couch potatoes off the couch and to make the practice of sport and physical activity part of everyone’s lifestyle in order to create a healthier and better life for everyone.”

Thomas Bach
IOC President

“We want to enable and inspire people to develop programmes that can lead to healthier individuals and a better society through a sustainable sports movement by providing them with the necessary understanding and practical tools required to deliver successful programmes.”

Sam Ramsamy
Chair of the IOC Sport and Active Society Commission
