The Olympic Studies Centre (OSC) organises an annual grant programme intended for PhD students engaged in scholarly research on the Olympic Movement, its history and ideals, and the impact of the Olympic Games on the various aspects of contemporary society and culture.

1. CATEGORIES AND OBJECTIVES

The grants are allocated to candidates whose applications are submitted under two differentiated categories and objectives:

A. OPEN SUBJECT

Objective: Encourage PhD students to undertake doctoral research with a humanities or social sciences perspective on any aspect of the Olympic phenomenon. All projects dealing with the Olympic Movement and/or the Olympic Games will be considered.

B. NATIONAL OLYMPIC COMMITTEES' POLICY PRIORITY

Objective: Encourage PhD students to undertake doctoral research with a humanities or social sciences perspective on topics of interest to the National Olympic Committees (NOCs) of their country.

Category B is organised in collaboration with Olympic Solidarity.

The grant programme has a third objective common to both categories, which is to encourage the applicants to consult the IOC's historical archives, library collections and audio-visual fonds, through the OSC.

2. ELIGIBILITY

All current postgraduate students enrolled in a PhD degree programme are eligible to apply.

Applicants should be preparing a PhD thesis in one or more of disciplines within humanities and social sciences perspectives (e.g. anthropology; arts; communications; economics / management; history; law; linguistics; pedagogy; philosophy; political sciences; sociology; sport sciences and urban, cultural, religious or literature studies) and have Olympism, the Olympic Movement or the Olympic Games as one of the research topics.

It is expected that candidates will submit an application when the theoretical framework, the methodology and the literature review relevant to the project are already clearly defined.

Applicants can apply for only one of the two categories.

The intention of this programme is to support thesis research, but not post- or non-doctoral research. Students who have completed their thesis research or submitted their thesis for examination before receiving the grant are not eligible to apply.

Other eligibility criteria to be fulfilled are as follows:

- Applicants must be fluent in either French or English.
- Applicants may submit their candidature with the same research subject for no more than two editions of the programme.

Previous IOC OSC grant holders are not eligible to apply.

These eligibility criteria will be strictly applied.

3. APPLICATION PROCEDURES AND DEADLINE

Applications and all supporting documentation must be submitted in either French or English, the two official languages of the Olympic Movement.

Completed application files must include the following documents:

- The **official application form** duly completed. The form is available through the [OSC website](#) or from the OSC [upon written request](#). Please note that [instructions for completing the Research Grant Programmes application forms](#) are available on our website.
- **Official proof of registration** as a university doctoral student from the administration of the university (*Appendix 1*).
- A **letter of recommendation** written, signed and sent by the **applicant's supervisor**. The Selection Committee is particularly interested in the referee's assessment of the following points: the scholarly significance of the research project; the methodology and original nature of the study; the impact of the project on the Olympic Movement; the candidate's training, abilities, achievements to date and motivation for the research proposed; and the likelihood that the applicant will complete the project on time.
- If the applicant's research proposal involves interviews, surveys or any other methodologies that involve human subjects, a certificate written on the university letterhead and signed by the head of the appropriate university division stating that all **ethical requirements** have been fulfilled (*Appendix 2*).
- A letter **of support** written and signed by the **President** or **Secretary General** of the **NOC** explaining the significance of the research proposal for the NOC's activities and projects (for applications in the NOCs' Policy Priority category only).

The recommendation/support letter(s) must be written on institutional letterhead, scanned and sent directly by the referee (and the NOC if applicable) to studies.centre_grants@olympic.org.

The deadline for submitting applications (only [by email](#)) is **29 September 2017**. It is the candidate's responsibility to ensure that the letter(s) is/are received by the OSC on time.

After the deadline, incomplete or new applications will not be accepted. A candidature acceptance confirmation email will be sent at the latest one week after the application is received.

4. GRANT AWARDS

Successful applicants will receive a research grant of a maximum of USD 8,000. The total amount to be awarded will be decided by the Grant Programme Selection Committee after having analysed all the elements of the application.

> Expenses permitted:

Research expenses directly related and essential to the project as follows:

- National travel (economy class) and living expenses when outside the applicant's place of residence.
- International travel expenses only if linked to the project and clearly justified and/or for those who need to come to consult the OSC's collections in Lausanne.
- Translation costs for relevant research materials.
- Other relevant research expenditure.

Research assistance and transcription costs will only be funded if clearly justified.

Expenses for participation in relevant conferences where applicants are presenting the results of this research must not exceed 50 per cent of the total budget identified in the proposal, with an upper limit of USD 1,000.

> Expenses not permitted:

- Salary and/or fringe benefits, including insurance.
- Tuition and study fees.
- Institutional overheads or institutional support.
- Expenses incurred prior to the effective date of the grant.
- Purchase of technological material (laptop, camera, etc.).

The grant will be awarded to successful applicants according to the following schedule: one half when awarded, one quarter after a mid-term progress report has been submitted and one quarter on receipt of the final research report.

For NOCs' Policy Priority grant holders, the grant will be paid via the NOC supporting the project.

5. SELECTION AND NOTIFICATION

The Grant Programme Selection Committee is composed of experts who are world-renowned for their involvement in Olympic studies and of OSC representatives. Decisions are based upon the quality of the application file, the significance and originality of the proposed research, the feasibility of the project and the candidate's ability to carry out the research satisfactorily.

The same criteria will be taken into consideration by the OSC to determine the maximum number of grants available each year.

For the NOCs' Policy Priority category, the Selection Committee will recommend the list of grant holders to Olympic Solidarity. Based on this list, Olympic Solidarity will make the final selection taking into consideration additional factors such as continental balance, potential benefits for the NOC and the national sports movement and the NOC's use of the Olympic education, culture and legacy programme.

Applicants will be notified of **the results of their application by the end of December 2017**. For those selected applicants who have requested to consult the OSC collections, the Centre will schedule their research visits between February and December 2018 in consultation with them.

6. PUBLICATIONS AND COMMITMENTS

All grants are conditional upon the successful applicant's signature of an agreement describing the terms and conditions of the collaboration between the grant holder and the OSC.

Grant holders undertake to provide the OSC (and the NOC for category B grant holders) with the following documents (electronic version), in either French or English:

- A **progress report six months after notification of the award**, describing the project's development (2,000 words maximum).
- A **final research report before 31 December 2018**. The final report, which may be used by the OSC for publication, will consist of two documents with the following content:

> **First document:**

- An abstract (200 words maximum) and a list of key words;
- An executive summary of the project research results ;

- A 30-50 page (12,000-20,000 words) report including the research subject and objectives; the academic significance of the project (and its impact on the NOC's activities for applications submitted to category B); the methodology applied; the key information sources consulted for the project; and the results and conclusions of the research project;
- The annexes, including any additional information of interest for the project.

> **Second document:**

- A financial accounting report for all funds provided by the OSC. For the NOCs' Policy Priority category, grant holders will have to submit a financial report co-signed with their NOC.

Grant holders will undertake to publish/disseminate their research results within the academic world. They will undertake to ensure that all subsequent publications or productions, using all or part of the results obtained under the auspices of the research grant, will appropriately acknowledge the IOC Olympic Studies Centre and the PhD Students Research Grant Programme (and their NOC for category B grant holders). In addition, they will share with the OSC any such publications or productions.

7. SECRETARIAT

For any additional information concerning the PhD Students Research Grant Programme, please contact the OSC [via email](#) or phone (+41 21 621 6611).

To find out more about the activities and collections of **The Olympic Studies Centre**, please consult [our website](#).

ADDITIONAL INFORMATION

For the 2017 PhD Students Research Grant Programme, the Selection Committee received 23 candidatures and awarded 8 grants. The Selection Committee was composed of OSC representatives, as well as the following experts: Sigmund LOLAND (Norwegian School of Sport Sciences, Norway), Ana Maria MIRAGAYA (Universidade Estácio de Sà, Brazil), Françoise PAPA (Université Grenoble Alpes, France), Benoît SEGUIN (University of Ottawa, Canada), Tracy TAYLOR (University of Technology Sydney, Australia), Cesar TORRES (State University of New York, United States) and Thierry ZINTZ (Université catholique de Louvain, Belgium).

RESEARCH SUBJECTS OF THE 2016 AND 2017 GRANT HOLDERS

- **A cultural and political history of the bid for and protests against 1976 Denver Winter Games**
Adam Berg, USA
- **Athletes' perspective of organizational issues in sports mega events**
Tiago Ribeiro, Portugal
- **Constructing the Rio Olympics on Twitter: Audience, narratives and experiences**
Katerina Girginova, Great Britain
- **Disseminating the Olympic values on Facebook and Twitter during Rio 2016: content, influencers and engagement**
José Manuel Pardo Gila, Spain
- **Governance and political culture during the XIX Olympic Games in Mexico City**
Axel Elias Jimenez, Mexico
- **Governing difference in global sport: Women in the Olympic and Paralympic Movements in historical perspective**
Madeleine Pape, Australia
- **Negotiating sexed embodiment: A genealogy of the female category in Olympic sport**
Sonja Erikainen, Finland
- **Negotiation through sport: Navigating everyday life in socialist Hungary**
Johanna Mellis, USA
- **Olympic Education policy in practice: Development, delivery and evaluation (case study of Tokyo 2020)**
Bo Ra Hwang, Republic of Korea
- **Planning to perform at the Olympic Games: An action research study aimed at enhancing the delivery of high performance critical success factors in a National Sport Organisation's Olympic programme**
Conor Molan, Ireland

- **The early history of Olympism in Uruguay (1911-1924): A national-global perspective**
Shunsuke Matsuo, Japan
- **The future of sport organisations. Organisational responses to institutional complexity**
Loïc Pedras, Australia
- **The origins of the environmental dimension of the Olympic Movement: A legacy of Barcelona 1992**
Alberto Aragón Pérez, Spain
- **The role of women in the promotion of Olympism in the Mediterranean region (1967-2017)**
Zineb Belmaati Cherkaoui, Morocco
- **Women's artistic gymnastics during the Cold War and its aftermath: Western responses to Soviet domination 1952-2000**
Georgia Cervin, New Zealand
